

Why should I add a Buyer to the Platform?

There are **three** reasons why adding buyers to the platform adds value for you:

1. Market your buyers' needs to other agents 24/7, think of it as a weekly sales meeting on steroids!
2. Have the inside track on Coming Soon Listings and price reductions before they happen!
3. Turn your buyers into loyal buyers as they'll see you're the agent who's hustling to get them the inside track!
