How to Add your ContactID to Reliance (Single-Sign On)

One frequent issue we come across for Berkshire Hathaway Home Services agents is that they are having trouble accessing Buyside through Single Sign-On in the REsource Center. The majority of the time, the agent's ContactID is missing from their Reliance account, which is the culprit!

Here is a quick step-by-step of how to add your ContactID to Reliance:

- 1. Log into your Reliance Account
- 2. Select "My Profile"
- 3. Enter your ContactID under the Associate ID field (see image below)
- 4. Select "Save"
